FAQ - Our Healthy Singapore Fund (OHSF) Grant

A. General FAQ

A1. What is the grant quantum supported for each project?

Our Healthy Singapore Fund (OHSF) supports community health promoting project. An approved application may receive either 50% tier (Baseline Co-funding) or 80% tier (Enhanced Co-funding) on supportable costs, capped at $20,000 per project, whichever is lower. However, the final reimbursement amount will be based on actual expenditures.

On average, projects are funded at 50% of supportable cost (capped at $20,000). Although funding for projects is capped at $20,000, your awarded grant may be lesser than $20,000, subject to project merit, assessed qualifying cost etc.

> *Example A1*
> ***Project Active Lifestyle*** *has a total cost of $48,000. The application is successful and OHSF will be supporting 50% of the project's qualifying costs, up to a cap of $20,000. Assuming the entire project costs of $48,000 are qualified for reimbursement, OHSF will provide co-funding at $20,000, even though 50% of $48,000 is $24,000, as the maximum funding amount is $20,000.*
>
> *Suppose that after* ***Project Active Lifestyle*** *completion, the final project costs turned out to be only $38,000 as the applicant has managed to reduce cost. If the full project cost of $38,000 is qualified for reimbursement, co-funding will be computed based on 50% of $38,000 (i.e. $19,000). Final reimbursement will be $19,000 as it is below the funding cap of $20,000.*

A2. What are the topics supported under OHSF?

All submitted proposals should focus on at least one of the following priority areas in health promotion below:

- Physical Activity
- Mental Wellness
- Nutrition
- Smoking Cessation and Prevention

A3. What type of projects are not supported?

OHSF will not be able to co-fund any for-profit projects, as well as projects that are currently ongoing or have been completed, including any expenditure committed or made before the effective date stated in the Letter of Award (LOA) upon the award of the approved grant.

Similarly, if any projects are found violating any of the points indicated below at any point within the project period, the grant awarded will be deemed void and any awarded quantum will be withdrawn:

- Includes content deemed as inappropriate; or that may make threats of violence, personal attacks or derogatory remarks against others;
- Advocate for a religion or political party, or adversely affect social cohesion in Singapore;

- Terms exceeding 12 months; or
- Directly profit the applicant and related parties;
- Any costs funded by any other sources (**double funding of same item**);
- Any costs associated with the **employment of staff under a contract of service**;
- Any notional costs, including but not limited to opportunity costs, depreciation and potential income loss;
- Such other costs or expenses as the Agency may determine from time to time, by notice in writing to the Recipient

A4. Can my project receive other sources of funding in addition to OHSF?

OHSF does not prohibit approved projects from seeking additional sources of government or non-government funding. For transparency and proper accountability, applicants and grantees must declare the other sources of funding and/or grant support applied or received at the earliest moment possible, either through their budget template application form or in writing to OHSF@hpb.gov.sg.

However, the supported project must not be profit generating, i.e. total funding received from all sources must not exceed 100% of the total project cost. In addition, total funding received from all government sources must not exceed 80% of the total project cost. **Otherwise, we reserve the right to reduce the Approved Amount the Recipient receives.**

Projects involving online fundraising elements must adhere to the Code of Practice for Charitable Online Fund-Raising Appeals. Platforms that subscribe to the Code of Practice are as follows:

- Giving.sg
- Give.Asia
- Simply Giving
- Ray of Hope Initiative Limited

A5. Does OHSF provide sponsorship?

OHSF is not a sponsorship, but a grant based on co-funding basis.

A6. Where can we apply for the OHSF?

You can submit your OHSF application via the Our SG Grants Portal at oursggrants.gov.sg and search for the grant under: HPB (select from “I want support from” filter) or Health (select from “I’m interested in” filter).

A7. What is the OurSG Grants portal?

OurSG Grants portal brings government grants for arts, community, heritage, social good, sport and youth into one place, so it's easier to find and apply for the grants you need.

FAQ - Our Healthy Singapore Fund (OHSF) Grant

A8. How do I log in to the OurSG Grants portal?

For individuals, you will need to use your SingPass to log in to OurSG Grants portal.
For organisation, your organisation's Corppass Administrator will have to create a CorpPass account for you and assign you the appropriate OurSG Grant portal role(s), so that you can access the OurSG Grants portal.

A9. What are the Preparer, Submitter and Acceptor roles on the OurSG Grants portal?

[Only applicable for Organisation applicant]
If you are applying for grants as an organisation, the OurSG Grants portal has three roles - Preparer, Submitter and Acceptor - with different responsibilities and permissions, to help your organisation better manage the information different members of your team can access and the actions they can perform.

The roles are linked to unique CorpPass accounts and are managed by your organisation. Your CorpPass administrator can create accounts for team members who manage grants and assign the right role, with the right permissions, to the right people. The Digital Service Name in CorpPass Administration is "**Grant application via OurSG Grants portal**". Your CorpPass administrator will also be able to edit these roles as necessary.

What you can do with each role:

Preparer
Preparers can view, create and edit all the organisation's grant applications, reports, claims. Preparers can also view the organisation's profile i.e. organisation name, address, formation date, past work/achievements, management profile, staff profile, bank details, financial statements and any other information about the organisation that is required for grant application.
This role should be assigned to employees who are involved in the preparation of grant-related documents and/or who need to monitor or report on grant information.

Submitter
Submitters have all the rights that Preparers have. In addition, they can submit all the organisation's grant applications reports and claims and withdraw an application or grant.
This role should be assigned to employees overseeing the project, acting as the point of contact for the grant and with the authority to make declarations on behalf of the organisation.

Acceptor
Acceptors have all the rights that Submitters have. In addition, only Acceptors can accept the Letter of Award (LOA).
This role should be assigned to the organisation's highest authority such as the Chief Executive Officer, Managing Director, Executive Director, President, or a person authorised by the highest authority.

FAQ - Our Healthy Singapore Fund (OHSF) Grant

A10. I am an individual representing an informal group or collective, should I apply as Individual or as Organisation?

If you are applying on behalf of a group or collective that is not formally registered, you should apply as Individual. Do note that for individual application, the grant would require support by a community organisation*.

E.g. Applicant partnering with a beneficiary community organisation based on the intended target audience, or collaborating with a community organisation to sustain the project after the grant period (as awarded based on grant duration).

A11. Is audit required for the grant and how do we conduct the audit?

To validate approved OHSF project implementation, HPB will conduct on-site inspections for activities involved in the project. Once awarded, grantees will need to provide HPB with the full finalised list of schedule activities, which includes details such as:

- Activity name
- Activity date
- Activity start and end time
- Exact venue
- Expected no. of attendees,
- Name of point-of-contact (POC),
- Contact information of POC (email, contact number, etc)

HPB will arrange for on-site inspectors based on the submitted schedule. Grantees will be informed of the inspection taking place at least 7 days before the inspection.

FAQ - Our Healthy Singapore Fund (OHSF) Grant

B. Application/Change Request

B1. When can we apply for the grant?

OHSF grant calls will occur once every four months and will be opened for a month. Applicant must submit their application during the grant call open period. Late submission or offline submission (via email) will not be accepted.

B2. Where do we submit the grant request?

All requests for application, change, reimbursement and progress update will be done through Our SG Grants portal and all required documents will be uploaded on the platform as well.

B3. What are the documents required by applicant for submission?

You will be required to complete and submit the following documents:

- Applicant Profile (Individual) or Applicant Profile (Organisation)
- Budget Template
- Other supporting documents (e.g. Letter of support from community organisations, Referral letter from Referees, Financial documents, etc.)

All interested applicants can find and download the necessary templates for submission on HPB's OHSF webpage or access the Our SG Grants portal to download the templates from OHSF Grant page.

B4. Can an applicant submit more than one application?

Yes, applicant can submit more than one application. However, only one approved and ongoing project under Our Singapore Fund is allowed at any one time. Resources and the capacity of applicants are important considerations to ensure the successful completion of a project. If you wish to apply for a new project to be supported by OHSF or any other grants under Our Singapore Fund, you should complete the approved project successfully before submitting the application for a new project.

B5. How long will it take for the application/change to process?

Upon grant call closure, applications with completed supporting documentations will take at least 10 weeks for evaluation and clarification, after which outcome will be announced in batches.

Commencement date of project is recommended to have at least **12 weeks** lead time in advance from grant call closure to cater for clarification and contingency other planning.

The processing time might take longer based on the volume of OHSF application received during the grant call. HPB may reject any incomplete application or unresponsive applicants after multiple email follow ups.

FAQ - Our Healthy Singapore Fund (OHSF) Grant

B6. How will I know the result of my application?

An email notification will be sent to you when the application result is finalised. You may also check your application status via the MCCY Grants Portal at mccygrants.gov.sg.

The grant shall be effective from the date of acceptance of the Letter of Award, and your project must be completed within 12 months, unless indicated otherwise and agreed between HPB and grantee.

B7. What are the supportable/non-supportable expenses and costs?

Supportable Expenditures:

No.	Supported Categories	Remarks
1.	Venue Rental Costs	Any venue rental costs incurred for the project. Applicant/Grantee's venue and project partner's venue are not included.
2.	Marketing and Publicity Costs	Any printing of flyers, brochures, posters, social media posts, etc.
3.	Event Management and Production Costs	Project activity setup, logistical transport and storage specific to the project, workshops materials, etc.
4.	Licensing and Legal Fees	Only if project requires proprietary content licenses and other mandatory legal consulting fees, e.g. music for physical dance classes, BodyCombat class licenses, etc
5.	Professional Services Fees	Only eligible for additional resources catered for the purpose of the project and existing trainers/staff will not be eligible for funding support
6.	Insurance Costs	Only mandatory insurance that is required by state's regulation
7.	Volunteer Meal and Transport Costs	Volunteers are any individuals that are not under Contract For Service or Contract of Service by the applicant or applicant's organisation. Expenses that incurred by the volunteer or for the volunteers (excluding gift vouchers and other form of allowances)

Not Supportable Expenditures:

- Start-up, operating and capital costs, such as manpower and the purchase of assets.
  - Any notional costs, including but not limited to opportunity costs, depreciation, and potential income loss.
  - Any costs associated with the employment of staff under a contract of service.
- Cash prizes and vouchers
- Honorariums *(a small fee paid for a service that is usually done for free)*
- Overseas travel and local accommodation costs
- Costs or expenses for a project or segment of a project that HPB is providing as a programme in the community.
- Financial benefit of whatever nature that accrues to the applicant/grantee and related parties (e.g. applicant/grantees should not be utilising the grant to offset manpower or product costs)
- Any other costs or expenses as HPB may determine from time to time, by notice in writing to the applicants/grantees.

FAQ - Our Healthy Singapore Fund (OHSF) Grant

C. Claims/Reimbursement

C1. When will the grant be reimbursed and how to go about submitting it?

The funds will be disbursed after the project is completed and the qualifying costs finalised on reimbursement basis.

There will template on the portal for applicant to download and fill in the list of items to submit for claim. The amount submitted will be cross-checked based on the approve list of eligible costs, validity of the supporting documents.

Your claim for the reimbursement must be submitted within three (3) months from the project completion date.

C2. What are the documents required to be submitted?

You will need to submit softcopies of all following documents via the Our SG Grants Portal:

- Project Completion Report
- Claim form
- Supporting receipts and tax invoices
- Photos or screenshots of the event and feedback forms from participants/audience
- Any other supporting document

Upon verification of the documents, we will inform you of the final reimbursement amount.

- If you applied as an individual applicant, we will proceed to credit the final reimbursement amount to you within 30 days from the notification.
- If you applied as an organisation applicant, we will need you to issue us an e-invoice to process the reimbursement.

A detailed step-by-step guide will be sent to you together with the OHSF Letter of Acceptance to guide you along the process. Templates will be available for you to download within the Our SG Grants portal.

C3. How will my claims or reimbursement be calculated?

The total reimbursement amount will be calculated based on the actual expenses with verified receipts/tax invoice spent on the project, capped at the project's approved funding quantum and amount, whichever is lower.

For projects that did not meet their agreed KPIs upon project completion, their claim amount will be pro-rated based their actual achievement. Each KPI will be given equal weightage, unless stated otherwise.

Please see the following two examples:

FAQ - Our Healthy Singapore Fund (OHSF) Grant

Example C3i:

***Project Wonderful** has a total project cost of $20,000. Our Healthy Singapore Fund supports **Project Wonderful** at 80% grant quantum of qualifying costs, which will be $16,000.*

*Suppose after **Project Wonderful** completion, it managed to achieve 100% for its first KPI, and only 70% of its second KPI. With no prior weightage indication on KPIs, the final grant funding will be pro-rated accordingly as seen in the table below.*

Project Wonderful Approved funding (80% of total cost): $16,000.00				
KPI	***Achievement***	***KPI Weightage***	***Calculation***	***Funding amount***
KPI #1	*Achieved 100%*	*50% of qualifying costs*	*$16,000 x 50% (KPI weightage) x 100% (KPI achievement)*	*$8,000*
KPI #2	*Achieved 70%*	*50% of qualifying costs*	*$16,000 x 50% (KPI weightage) x 70% (KPI achievement)*	*$5,600*
Project Wonderful final pro-rated grant funding amount				***$13,600***

Example C3ii:

***Project Fitness** has a total project cost of $20,000. Our Healthy Singapore Fund supports **Project Fitness** at 80% grant quantum of qualifying costs, which will be $16,000.*

*Suppose after **Project Fitness** completion and verification of project expenditures, the actual qualifying costs turned out to be $15,000. The final reimbursement by Our Healthy Singapore Fund will thus be computed based on 80% of $15,000, which will be $12,000.*
